## **The Not-So-Golden Orange: Homelessness in Orange County**

**Karen McGlinn, executive director of SOS**  
**Leia Smith of Orange County Catholic Worker**

Do you think homelessness is something that only happens in other places? More than 35,000 people were homeless in Orange County each year according to 2006 estimates and there are even more now.

Come to our meeting to find out about who the homeless are, what is being done to support them and what we can all do to help.

Free and open to the public Men are cordially invited.
